

# Piano Teacher

*Do you wish for your children to be able to express their feelings through music?*

*Music is a universal language spoken through audible patterns which trigger different emotions in people from all walks of life.*

*Learning to read music allows high levels of discipline, patience and focus of the brain and gives the ability to perform at a higher academic level.*

*If you would like your child to have the opportunity to express themselves through music or even if you are an adult wishing to pursue the skills of a pianist please do not hesitate to call me and enquire.*

*Hello*

*My name is Lillian Cheng, I am Taiwanese and have been playing piano for 22 years. I came to Australia in 1999 and attended the Conservatorium in Hobart, Tasmania. There I was further taught in finesse by Mrs. Beryl Serdivka whom is a world-class pianist of her time and the present. Through her, I learned the art of patience and discipline as well as gaining the appreciation of the elegance involved in playing the piano.*

*Since graduating, I have attended a Diploma of Teaching to further my teaching skills at a more professional level.*

*I have been teaching a wide range of students of all ages for 7 years and am looking forward to having the opportunity to teach further more.*
